### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1, 4-12, 15-23 are allowed over the prior art of record. The prior art of record, in particular Tanabe et al (5,833,846) teach ion exchange treatment of water followed by UV (oxidation) and further followed by ion exchange treatment. The combination of ion exchange units or treatments including two different units of the group claimed in step d of claims 1 and 12 is not suggested in Tanabe et al. Tanabe et al teaches away from using EDI (electrodionization) unit previous to the oxidation (UV) treatment, e.g. to avoid boron leakage, and the second unit is a mixed ion exchange unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ana M Fortuna whose telephone number is (571) 272-1141. The examiner can normally be reached on 9:30-6:00 M-F.
